Hi Monisha,

Tracking sheet should be updated.

The stewardship plan is related to **Zest™ WDG (EPA Reg. No. 352-560)**. I think we briefly discussed this about a month ago (you, John, Bill and myself). John O. was working on the benefits and HRM drafts and aiming to complete by mid-November.

Aswathy followed up on **10/8** and suggested the PRIA date cannot be extended beyond 12/8.

John was working to complete the herbicide resistance management plan and noticed that the registrant didn't submit a stewardship plan.

RD followed up with the registrant and apparently they just submitted it.

Hopefully this helps!

Gerald

Thanks for the update. Assuming you've also updated the RD tracker too. Question – what is **70506-GLL, - GLU** stewardship plan? I am thinking that is the meeting that I missed. Is that a new herbicide? And, good thinking about moving PRP!

I had a meeting to meet with Mark, Nikhil and Briana yesterday at 1 pm, but had to reschedule due to staff meeting. I followed up with the team, but neither Nikhil or Mark had time to review yet- so I pushed our discussion to **11/9 at 3 pm**.

Just a FYI- I flagged during PRP this week that 11/11 is a holiday and we decided to move PRP to next **Tuesday 11/10 at 3/3:30 pm**.
